Summary

Hi! My name is Povilas and I am a junior frontend developer with a strong interest in creating engaging and visually appealing user interfaces. I recently graduated "CodeAcademy" Frontend Serverless courses and have been learning on my own as a way to gain practical experience. I have a solid foundation in HTML, CSS and JavaScript, and I am comfortable using frameworks such as ReactJS. I am a quick learner and I am always looking for opportunities to expand my knowledge and skills in frontend development. I am excited to join a team of experienced developers and contribute to the creation of innovative and user-friendly products.

Experience
